

High Thermal Paint Interior - Exterior

1st Thermal Paint in Saudi Arabia

Packing:
5 US Gallon
1 US Gallon

Coverage:

Drying Time:
1-3 hours

Application:
With roller or brush

Excellent quality, %100 acrylic paint with thermal insulation properties. Due to its special composition it forms an elastic film, which has great adhesion on vertical, exterior surfaces. This membrane insulates the wall against moisture and frost, and has very good thermal insulation properties, contributing to energy saving throughout the year (winter-summer).

- ✓ ECO-FRIENDLY
- ✓ WATERPROOF
- ✓ THERMO INSULATE
- ✓ KEEP HOME COOL
